

# Personal Protective Equipment Policy

The Management of Rogers Transport is committed to providing all employees with a workplace that is free of hazards. To help with this the wearing of Personal Protective Equipment is mandatory whilst on any Rogers site. Personal Protective Equipment can include your Rogers Transport issued clothing, safety boots, high visibility clothing/vests, safety glasses/Face shield and hearing protection.

The following is the minimum requirement of Personal Protective Equipment to be worn on the Rogers site. Failure to wear the appropriate equipment may result in disciplinary action or vehicles being turned away from site.

## Yards and Warehouse Areas

- High Visibility clothing or vests (short or long sleeved)
- Short /long pants
- Enclosed footwear (NO THONGS OR SANDALS)

## Workshop General

- High Visibility clothing or vests (short or long sleeved)
- Shorts/long pants
- Enclosed footwear (NO THONGS OR SANDALS)

## Workshop Operators

- High Visibility, non-flammable protective clothing (short or long sleeved)
- Long pants
- PPE relevant to manufactures specifications for tools/equipment being used
- Enclosed footwear (NO THONGS OR SANDALS)

Rogers encourages employees to be Sun Smart. Hats, tinted safety glasses and sunscreen are provided with PPE

## External

On some occasions employees may be required to work on external sites. These sites may have different Personal Protective Equipment requirements. All drivers attending external worksites must abide by the organisations PPE requirements
